Dear <first name>,

There are several exciting enhancements to your membership in our wine club this year. Our newsletter features greater coverage of the estate, we are producing wines exclusively for the club membership, and we have provided two enhancement options, our "Trophy" and "Lunker" stamps.

With this membership card, you are able to better identify yourself to us at the winery and at offsite events. It provides an easy reminder of your ID with us, and used with your email address, it allows you to log-in and receive discounts and exclusive content online at www.kuletoestate.com.

Online, we have added a tour reservation system to make booking tours easy and convenient, as well as a gift registry, video and audio clips, and a library of all of our past and current newsletter recipes.

We hope to see your smile, and share a toast with you, more than once in 2007!
